ADAPTABILITY

COMMUNICATION SKILLS

MOTIVATED, POSITIVE THINKING

LEARNING SKILLS

TEAM LEADERSHIP

### SKILLS

Full stack Web Development

Data Analysis

Cloud Operations

Machine Learning

Mobile Development

### EXECUTIVE SUMMARY

As a computer science major with a passion for innovation and problem-solving, I am driven to develop creative solutions to complex challenges. I have a strong foundation in programming languages and software development, as well as experience collaborating with local businesses for requirements communications.

### EXPERIENCE

#### **SOFTWARE DEVELOPMENT FREELANCER**

Kuala Lumpur | 11/2021 – Present

- Designed and developed a comprehensive web-based system which is multilingual and with third-party APIs integrated by using Django framework.
- Currently working on mobile-app project which requires expertise in Flutter, RESTful API backend, Blockchain, and various API integrations such as the ones from ChatGPT.

#### **SOFTWARE DEVELOPMENT INTERN**

Rocketsview Management Sdn. Bhd., Kuala Lumpur | 05/2022 – 07/2022

- Extended functionalities of the existing microservice-based software which is built using the Laravel framework.
- Fixed bugs existed in the software.
- Completed most (2 to 6 per week) of the tasks accurately at the pace of a senior developer by leveraging previous freelance experiences as well as the initiative to learn.

#### **INFORMATION TECHNOLOGY TRAINEE**

FOF Technology, Kuala Lumpur | 05/2020 – 12/2020

- Worked on projects related to WeChat Mini Program, Alibaba Cloud, etc.
- Got Exposed to technologies such as web scrapping, Wix.com website development, and collaborated with foreign clients.

### CERTIFICATES

- CS50W – Web Programming with Python and JavaScript by Harvard University
  - Completed 6 projects and acquired technical skills which later translated into real-world business solutions.
  - Developed a fully functional web-based Property Management System that can assist in property agents' business processes.
- CCNA – ITN by Cisco
  - Get introduced to the fundamental networking architectures and technologies.
